

Customs Regulates Double-Identity Administration on Enterprises in Areas Specially Supervised by Customs

Chinese version Beginning on May 1, 2008, the enterprise in areas specially supervised by Customs is eligible to own one custom registration code.

Under the Issues Concerning the Double-Identity Administration on Enterprises in Areas Specially Supervised by Customs, released on March 18, 2008 by China's General Administration of Customs (Customs), if the aforementioned enterprises have owned two codes respectively for "Consignee and Consigner of Imported and Exported Commodities" and "Customs Broker", they are only eligible to choose one as their unique code, the other one will be canceled by the Customs.

Besides, the aforementioned areas specially supervised by Customs include the bonded areas, the export-oriented processing zones, the bonded logistic parks, bonded ports, comprehensive bonded areas, cross-board industry parks and the supporting zones for the international boarder economic cooperation centers.
