Shanghai Adopted 8 Measures to implement "10 Measures on Domestic Demand"

2008/11/17 0:00:00 Source: International Financial News

Recently, Shanghai municipal government issued eight measures to fully implement the deployment and decision of central government on further expanding the domestic demand and promoting stable and rapid economic development, which will ensure stable and rapid economic development in Shanghai and the continuous improvement of people's livelihood.

Eight measures include: first, to accelerate the integrated infrastructure construction in urban and rural areas; second, to speed up the construction of major industrial projects, supporting and promoting the healthy development of enterprises; third, to speed up scientific innovation and high-tech industrialized construction, improving independent innovation capacity; four, to boost energy-saving and emission reduction projects and the ecological environment establishment; five, to deal with the practical issues that the public are looking forward to, strengthening the social construction about people's livelihood; six, to boost the housing construction, promoting the stable and healthy development in real estate market; seven, to strengthen the organization of the World Expo, speeding up the upgrading of hardware facilities and integrated management; eight, to strengthen preventive management against financial risks, actively expanding the financing channels.

In the recently held work conference of Shanghai municipal government, Han Zheng, the Mayor and deputy secretary of the Shanghai Municipal Committee, pointed out that all the work should focus on achieving "two guarantees", and all the effective measures and means should be adopted to ensure the achievement of "two guarantees".
