**1. Purpose**

1.1 The purpose of this letter is to provide guidance and clarification on the accounting and disclosure requirements under Main Board Rules 4.04(2) and 4.04(4) (GEM Rules 7.03(2) and 7.03(4)) (“**Rules 4.04(2) and (4)**”) and Main Board Rule 4.05A (GEM Rule 7.04A) (“**Rule 4.05A**”) (collectively the “**Relevant Rules**”) in respect of subsidiaries or businesses acquired or agreed/ proposed to be acquired by a new listing applicant during or after the trading record period.

**2. Background**

2.1 New listing applicants may acquire subsidiaries or businesses during or after the trading record period such that the Relevant Rules apply. This letter aims to clarify the following areas:-

- (i) the scope of the requirements under the Relevant Rules;
- (ii) the size test requirements under the Relevant Rules;
- (iii) what constitutes “agreed to be acquired or proposed to be acquired” under Rules 4.04(2) and (4);
- (iv) the accounting and disclosure requirements under the Relevant Rules; and
- (v) whether waivers of the Relevant Rules will be considered and the relevant conditions.

### 3. Relevant Requirements

- 3.1 Main Board Rules 4.04(2) and 4.04(4) (GEM Rules 7.03(2) and 7.03(4)) require a new listing applicant to include in the accountants' report the results and balance sheet of any subsidiary or business acquired, agreed to be acquired or proposed to be acquired since the date to which its latest audited accounts have been made up in respect of each of the three financial years (two financial years for GEM applicants) immediately preceding the issue of the listing document, or since the incorporation of such subsidiary or the commencement of such business if this occurred less than three years (two years for GEM applicants) prior to such issue, or such shorter period as may be acceptable to the Exchange for Main Board applicants<sup>1</sup>.
- 3.2 Main Board Rule 4.05A (GEM Rule 7.04A) requires that, where a new listing applicant acquired any material subsidiary or business during the trading record period<sup>2</sup> and such an acquisition, if made by a listed issuer would have been classified at the date of application as a major transaction<sup>3</sup> or a very substantial acquisition<sup>4</sup>, it must disclose pre-acquisition financial information on that material subsidiary or business from the commencement of the trading record period (or if the material subsidiary or business commenced its business after the commencement of the trading record period, then from the date of the commencing of its business) to the date of acquisition. Pre-acquisition financial information on the material subsidiary or business must normally be drawn up in conformity with the accounting policies adopted by the new listing applicant and be disclosed in the form of a note to the accountants' report or in a separate accountants' report.

### 4. Guidance

- 4.1 Set out below is our guidance in relation to the matters in paragraph 2.1. A summary of our guidance on the Relevant Rules is also set out in Attachment 1.

#### *Scope*

- 4.2 Rules 4.04(2) and (4): The rules apply to any subsidiary and business acquired, agreed to be acquired or proposed to be acquired (see paragraphs 4.7 and 4.8 below) after the trading record period.
- 4.3 Rule 4.05A: It applies to acquisitions of material subsidiary or business (see paragraph 4.6 below for size test) during the trading record period.
- 4.4 For the avoidance of doubt:-
- (a) acquisitions of business include acquisitions of associates and any equity interest in another company. However, the Relevant Rules generally do not apply to acquisitions of assets; and
  - (b) the trading record period for the purpose of the Relevant Rules includes the three financial years (two financial years for GEM applicants) immediately preceding the issue of the listing document **and** the stub period reported on by

the reporting accountants in conformity with Main Board Rule 8.06 (GEM Rule 11.11).

### ***Size test***

- 4.5 Rules 4.04(2) and (4): The rules do not have a materiality threshold. This means that irrespective of the size of the subsidiary or business acquired, agreed to be acquired or proposed to be acquired after the trading record period, the applicant must include in the listing document the financial information of the relevant subsidiary or business for the trading record period (see paragraph 4.12 below for waivers).
- 4.6 Rule 4.05A: For the purpose of the size test, the total assets, profits and revenue of the subsidiary or business being acquired for the most recent financial year of the trading record period should be compared to those of the applicant for the same financial year. The rule is applicable if the size of the subsidiary or business being acquired would have been classified at the date of application as a major transaction or a very substantial acquisition (i.e. 25% or more) (see paragraph 4.13 below for waivers).

An example of size test under Rule 4.05A: An applicant's trading record period covers year 1, year 2 and year 3 and it acquires a subsidiary during year 2. For the purpose of the size test, the total assets, profits and revenue of the subsidiary for year 3 should be compared to those of the applicant for year 3.

### ***Agreed to be acquired/ proposed to be acquired - Rules 4.04(2) and (4)***

- 4.7 The rules apply to an applicant which has entered into a legally binding acquisition agreement after the trading record period (even if the transaction may not be completed upon listing). In addition, as long as there is an intention to acquire a subsidiary or business, even if there is no legally binding agreement, the applicant will be subject to Rules 4.04(2) and (4). For the avoidance of doubt, if the applicant enters into any legally binding agreement in respect of such potential acquisition after its listing on the Exchange, it must comply with the relevant Listing Rules (including Chapters 14 and 14A of the Main Board Rules/ Chapters 19 and 20 of the GEM Rules).
- 4.8 New listing applicants are reminded to observe the requirements under paragraph 32 of the Third Schedule to the Companies Ordinance which requires that if any part of the listing proceeds is to be applied directly or indirectly in the purchase of any business, the new listing applicant has to include an accountants' report on that business in the listing document.

### ***Accounting and disclosure requirements***

- 4.9 The Relevant Rules: The financial information on the relevant subsidiary or business must normally be drawn up in conformity with accounting policies adopted by the applicant. It may be disclosed in a note to the accountants' report or in a separate accountants' report.
- 4.10 Rules 4.04(2) and (4): The financial information to be disclosed should preferably include full financial statements of the relevant subsidiary or business but at least the income statement and balance sheet (including information required by Main Board Rule 4.05 (GEM Rule 7.04)) in respect of (a) each of the three financial years (two financial years for GEM applicants) immediately preceding the issue of the listing

document or since the incorporation of such subsidiary/ the commencement of such business if this occurred less than three years (two years for GEM applicants) prior to such issue; and (b) any stub period in conformity with Main Board Rule 8.06 (GEM Rule 11.11).

- 4.11 Rule 4.05A: The pre-acquisition financial information to be disclosed should include full financial statements (including information required by Main Board Rules 4.04 and 4.05 (GEM Rules 7.03 and 7.04)) of the relevant subsidiary or business for the period from the commencement of the trading record period (or since the incorporation of such subsidiary or the commencement of such business) to the date of acquisition.

### ***Waivers***

- 4.12 Rules 4.04(2) and (4): As set out in Listing Decision HKEx-LD78-1, we may consider granting waivers of Rules 4.04(2) and (4) on a case-by-case basis. In that particular case, a waiver was granted due to the immateriality of the acquisition, unavailability of the three-year financial information of the business acquired due to genuine reasons and with alternative disclosure provided in the listing document.
- 4.13 Rule 4.05A: We may consider granting waivers of Rule 4.05A on a case-by-case basis. However, so far we have only granted waivers in limited exceptional cases based on the special circumstances of each case. As set out in Listing Decision HKEx-LD85-1, a waiver of Rule 4.05A was granted to a secondary listing applicant subject to alternative disclosure in the listing document.
